

THRIVING TOWNS ON TODAY'S TRIP

Tulsa Boosters to Invade
Prosperous Trade
District.

"JAZZ" COOKE TO TALK

Will Hand Out Tulsa Spirit
at Every Stop on Trade
Excursion Schedule.

Accompanied by a brass band—and everything—the business force of Tulsa will leave at 7:10 o'clock this morning over the Frisco to invade what is considered Tulsa's most loyal and populous trade territory—if one territory in this section can hold that distinction over another. They will return at 8:37 o'clock tonight, providing none of the boosters are carried away by the beauty of any of the towns visited or gets lost in the maze of wide cracks and crevices between the crumbling paving blocks in Muskogee.

The time to be spent in each of the towns and cities visited is dependent upon the size of the town. Five minutes in the shortest stop on the schedule, Okmulgee, will be given the honor of entertaining Tulsa's boosters for the longest period—one hour and 25 minutes.

Today's trip is the third of a series of five trips to be made this spring by Tulsa business men under auspices of the chamber of commerce and Retail Merchants association. It embraces practically all of the richest territory between Tulsa and Muskogee and is mostly in oil and mineral country.

Letters received by the chamber of commerce from commercial organizations, bankers and business men of the towns along the route promise unusual receptions for the visitors—receptions that may help in relieving the fatigue which usually accompanies such trips, but which has its compensations in the spirit of welcome manifested in every city or village where the boosters stop.

Rev. Harold G. Cooke, the "Jazz" pastor, is to be the official spell-binder for today's trip. Rev. Cooke has prepared special services for each town, and declares he is going to "sell" Tulsa and the Tulsa spirit to every person from the oldest inhabitant to the youngest pupil in school. There will be no free lemonade or electric fans, but the boosters will take with them a plentiful supply of near-lemonade with which to quench their dust-laden thirst.

For the benefit of the "plump" boosters, all towns along the route have been asked to place canteens or elevators on hills which are located along main thoroughfares.

Letters have been sent to all regular subscribers to the trips, and to members of the chamber of commerce and other organizations who are not regular subscribers urging them to accompany today's excursion especially.

Sapulpa Notes

SAPULPA, May 10.—Discussion of the proposed government hospital for disabled service men will be the principal topic at the weekly noon luncheon of the Rotary club in the chamber of commerce rooms tomorrow.

Fred Wasserman, son of Morris Wasserman, prominent Tulsa Jeweler, was reported recovering today from a slight gunshot wound above the left temple resulting from his failure to heed a command to "stick 'em up," when attacked near here by a party of motor bandits early Sunday morning. Wasserman was starting toward Tulsa with his wife and M. S. Gindy and wife, when three men drove up to them near Birch and Lee streets near the Wasserman home here. One of the hijackers fired when Wasserman refused to stop his car. Valuable jewelry worn by members of the Wasserman party was untouched, the hijackers having driven on after firing the shot which hit Wasserman.

Twenty-four French war diplomas were presented to relatives of men who died in the war by the ladies auxiliary of Roscoe Frye post, American legion, at the services yesterday in the M. E. church south.

More than 300 invitations have been sent out for a smoker to be given members of Roscoe Frye post, American legion, May 14. William Burdum, post commander, announced today. Doughnuts and coffee, three boxing matches, Hawaiian music and a speech by Josh Lee of the state university will feature the entertainment. Expenses of the affair are to be paid by the Sapulpa Motor company, other firms being expected to give similar entertainments for the ex-service men at future dates.

Grant Morgan, 55 years old, an employee of the Oklahoma Union railway, died suddenly yesterday morning at his home here. He is survived by a wife, Linda Morgan, and six sons and two daughters. He has lived here since 1913, having

moved from Mansfield, Mo., to this city.

Out of 15 cases in police court here today, fines of \$10 and costs were levied against four while two were fined \$10 and costs. The remainder of those booked either forfeited bonds or their cases were continued. Mayor J. Wade Bone asserts that Sapulpa is now rid of "practically all liquor violations," and is giving the limit to all law violators brought into court.

DEATH BY WHOLESALE ORDERED IN MEXICO

ington until a few weeks ago, and later one of the candidates for the presidency.

Meanwhile the American government, while continuing a policy of watchful waiting, took some measures to afford refuge to Americans there are estimated to be some 6,000 or 7,000 Americans in Mexico, some of them draft dodgers and radicals who fled over the border to escape processes of law. For the most part, however, that class probably is far in the interior, and the Americans who might readily avail themselves of aid are principally oil men and planters along the Gulf coast.

Ships Ordered.

For their assistance, the navy department has ordered the super-dreadnaught Oklahoma from New York to Key West for possible duty in Mexican waters. She will take a full company of Marines before steaming south. Meanwhile the naval transport Henderson will load 1,200 marines from the navy yard and proceed to Key West to await developments. American destroyers have arrived at Tampico joining the gunboat Sacramento and the cruiser Dolphin also has reached that port. Other destroyers have reached Tampico and Vera Cruz and three more will go with the Oklahoma.

None of today's fragmentary dispatches, coming from various sources, made any mention of armed resistance by the Carranza forces to the revolutionists, but told of almost uniform story of federal garrisons going over without a struggle.

Regular Habits Produce a Beautiful Complexion

Daily elimination rids the system of poisons.
Women should realize that!

MANY women complain daily of their complexion, of their headaches and general ill health, little realizing that the trouble is constipation. Women, too, are much more subject to such congestion than men, and much more careless of it. The result is seen in lusterless, weary eyes, in sallow, pimply complexion, in lassitude, bad breath, and in that word so often used, "indigestion."

At the first sign of these symptoms the wise woman will take a laxative, and will see that the young girl and others in her care do likewise. Dr. Caldwell's Syrup Pepsin is the favorite with thousands of women because it is mild and gentle in its action and in the end trains the stomach and bowel muscles to do their work naturally without the aid of medicine.

This combination of simple laxative herbs with pepsin, which can be bought at any drug store, is also a very sterling first-aid in colds, fevers and other sudden ills

that make it advisable to always have a bottle in the home. It is free from narcotics and safe for the tiniest baby.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 311 Washington St., Monticello, Illinois.
